

Packaging Machinery Solutions

LINKXSYSTEMS LTD

'Ladypack'

Hand fed, semi- auto,
'L' seal, shrink wrapper
range

Choose from 4 models; 45, 65, 80 and 110. The difference is in the size of pack each will handle. See chart below. These machines are compact and portable by means of their castor feet. A feature of this range is intelligent sealing where the machine automatically adjusts the sealing time to suit the pack. No manual adjustment required.

Pack sizes:	<u>45</u>	<u>65</u>	<u>80</u>	<u>110</u>
Width:	300	500	650	1000
Length:	340	450	560	800
Height:	210	240	240	240
