UNICA Auto 60

LADY PACK®

Automatic Shrink Wrapper

Like the Unica 40, the Auto 60 is a compact, 'L' seal machine but it has the capacity to handle a larger range of pack sizes. There are also '70' & '80' versions for even larger products. All the Unica machines feature auto size change with a 20 product memory. The whole Unica range represents maximum quality at minimal cost.

Maximum product dimensions:	450 x 550 x 150mm high
Power required:	380 V three phase
Power consumption:	18 amps/phase
Machine overall dimensions:	2825 x 1185 x 1610mm
Film types:	Polyolefin, Polyethelene & Polypropelene in centre folded reels
Speeds:	Upto 35 packs per minute
